EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Shirley Anderson on April 18, 2006.

The application has been amended as follows:

Claim 19, line 12, after "hook member", --below the sleeve member-- has been inserted.

The following is an examiner's statement of reasons for allowance: the primary reason for the allowance of claims 1 and 19 is the inclusion of a unitary L-shaped shield/shielding member adapted to be connected to the hook member below the sleeve member and removably positionable within a portion of the gaffed climbing assembly, and the shield/shielding member having vertical and horizontal portions/shielding means designed to simultaneously protect a portion of the leg and foot of a user thereof. For claim 11 it is the inclusion of a hook member received within a sleeve member, a spike member connected to the hook member, a unitary L-shaped shield member connected to the hook member, and the shield member having vertical and horizontal portions designed to simultaneously protect a portion of the leg and foot of a user thereof. The prior art of record fails to teach or suggest the claimed features absent the applicant's own disclosure.

Art Unit: 3634

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
